	"Hidden Driveway" is not "Hidden Driveways" causing early at DIY 1 and late at C/P 2	Did you read the special instruction from C/P 1 that changed your average speed to 45?	Did you notice that tiebreaker questions 2 and 3 were reversed in the instructions and did you put your answers in the right place?					Was the rally a success? If you did not get lost but fell for some traps, then I say yes															Excavating	Answer is 8	Answer is 10	Answer is 54.24 miles
