e = early at the checkpoint. Tiebreaker was the error in total rally miles, which was 84.37 from start to finish less the distance from the end of the odo check to the out point at the Marathon. How could a team that missed a checkpoint have the least error?? Thanks to so many workers who came out on this beautiful spring day to work our Rally. Russ Craighead, Fred King, Paul Brimo, Pete Rogulsky, Marty Firment, Carl & Jeanette Ek, Pat & Bob Jutras and Diane and Ken Watson. As is typical of rallying, some simple errors were very costly. Polomski's forgot to write down their first DIY. Fast's somehow wrote down a final DIY time that was earlier than their time out from the previous checkpoint. **Congratulations to Steve and Evan Budaj on best overall score.** Remember when the Polomski's did that as novices too? Reminds me of the challenges of golf. We hope that you all enjoyed the rally as much as Mary enjoyed the surprise Birthday greeting.

Bruce & Mary Wentzel
