

CCM Social Events - 2010

This year for our social events the club is trying something different. For the last several years our Social Director; Kerry Hlady did an outstanding job organizing and putting together several interesting and fun social gatherings.

Unfortunately Kerry has stepped down as our organizer d'elegant!

Thanks to Jan VanMaanen and Mary Wentzel, we now have the office of: **Social Coordinator.**

What does this mean?

It means that we are asking **YOU**, the membership of the Corvette Club of Michigan to get involved and come forward with your ideas for social activities.

If you have an idea, or need help putting an idea together, contact either Jan or Mary and they will help coordinate your idea and put it in motion. Or, if you already know what you want to do and how you want to do it, let them know and date's can be checked, a flyer can be generated and a sign-up sheet can be passed around at membership meetings.

One important thing to remember is that for all CCM related activities, our insurance carrier needs to be notified.

Contact Joe Scafero and he will handle the rest.

A couple events that are already scheduled for the upcoming 2010 season may be considered both competition and social events. They are: The Corvette Encounter show on June 5, our annual CCM family picnic and Concours on August 22nd and the new big show in September, The Motor City Corvette Concours on the 18th.

So, now you ask; what can I do?

Glad you asked. One of the new things we are trying this year is a **CCM Cruise Night**. What is a cruise night? Well a cruise night is a gathering in which we all cruise from *point A* to *point B*, or in some cases just arrive at *point A*. Just about all the time the place we end up is somewhere to eat! Our monthly *Cruise Nights* will be a local event, however if you want to organize a cruise to say Frankenmuth and go to eat chicken – you can do that. Or last year we went to the Grill House in Allegan where we cooked our own steaks – we can do that. These are also known as “drive & eat events.” Most of the time a back roads route is planned out and our destination is a tavern, bar, restaurant, a museum, or other venue, then the bar, tavern or restaurant!

So get inventive – put on your thinking caps and surprise us!

Don't shy away from overnight events either. Last year several members went to Petoskey for a weekend and had a great (and inexpensive) time!

Bottom line is we want to provide outings for the members of CCM to keep the Corvette lifestyle alive!
