- April 17, DCSCC Autocross

president'spen

Greetings from sunny Florida....or at least almost sunny. There is a tornado watch in central Florida at the present time. We are staying at the Island One Resort about 6 miles west of Disney. This sure beats the snow.

It won't be long before we all have our Corvettes out again. Our first competition event will be on Sunday, March 27th. This is a perfect opportunity to participate with your fellow Corvette enthusiasts and enjoy yourself. Since it is a March rallye you do not need to drive your Corvette. We have a novice class for those of you who have not run 5 rallyes. It just takes two people (a driver and navigator). Gordon McCann will be the rallye-master and he puts on a fun event.

A special thanks to Pat Jutras for doing another great job with the CCM Banquet. Thanks also to Kerry Hlady for helping get door prizes. Hopefully Kerry will continue to help CCM with door prizes, but any and all assistance with getting door prizes is welcome.

Mark your calendar for Saturday, April 9th when CCM will be hosting the Michigan Region Annual Banquet. Contact Joe Scafero to make your reservation. We would like to have a good showing of CCM members at this event. Joe definitely promises that you will have a good time. If you have any door prize to donate it would be appreciated. This event will have members from 15 Michigan Corvette Clubs.

Bruce and I will be working at the Mecum Auction on January 26, 27 and 28. This event will be televised on HD Theater.

See you at the next General Membership Meeting on Wednesday, February 23rd at 7:30 p.m.

If you are looking for a slightly used or brand new vehicle be sure to contact our sponsor Les Stanford Chevrolet-Cadillac. They have a good selection and will definitely give you a good deal.

Mary Wentzel, 2011 President

membershipreport

One would think that activity would be slim to none during the month of January for a car club that functions (for the most part) only in warm weather. However this past January has been quite the opposite for the Guru of Membership! Please join me in welcoming six – yes six new members to CCM. First joining the club from Livonia, with their black 2009 coupe is Tony and Thelma Sereno. Then from St. Clair with their black 2005 convertible are Bill and Kim Goode, and from even farther east in Port Huron joining us are Erv and Connie Lewis with their 2000 pewter convertible. Bill has already signed up for driver's school, so we hope to see you at many upcoming events. Welcome to you all!

In addition to our new members, several folks that were a wee bit late in renewing for 2011 also came back to the club, so our overall total membership is now at 251.

Speaking of January being busy, of course we had the annual awards banquet on January 15th, another job well done by Pat Jutras and her helpers. Thank you.

Be sure to check the *flickr* link on the club website for the photos.

For those of you that own C4 generation Corvettes (and maybe for those that don't), I have joined the C4 Vette registry (*C4vette registry.com*). This is a Corvette forum, much like the many other forums available. But as you may have guessed it is geared specifically at owners of C4's. It is free to join, if you're interested take a look. Oh and in particular they have put together a member calendar for 2011, be sure to check out April (you may see a certain someone's Admiral Blue coupe). The calendars can be ordered in 11 x 17 or 13 x 19 sizes for a nominal fee. If you're interested!

Remember as of February 1st, only 47 days until the **first day of spring** and 54 days until CCM's first event of the season – Gordie McCann's "Luck of the Irish" road rally! Think warm thoughts. Be sure to check the CCM website, as the competition calendar is now on the site. It looks we have a pretty full competition season, but remember anyone can put together a social event – dinner cruise, over night or weekend event, day trip – whatever may interest you and fellow club members. Contact a Board member if you have questions or need assistance.

I don't know about all of you, but I have already had enough of this winter and the snow! I guess the only good thing about it is the lake levels should be higher come warmer weather. With that I close for this month, remember: *Stay informed and Stay involved.*

"Ignite the Passion"

Jim Rees

CCM Membership Director

"Save the Wave"

Family Membership for the Price of Individual

How would your family like to become members of the National Corvette Museum, for the price of an individual membership? Normally \$100, you can get this special deal for only \$50 through Tuesday, January 18.

Family memberships include free admission to the Museum for one year for member and immediate family, discounts on NCM-sponsored events, 10% discount on Corvette Store merchandise, a subscription to America's Sports Car Magazine and two membership cards and lapel pins.

This promotion is only good for NEW memberships. When buying online through the Corvette Store, in the special instructions box put the code: NEWYEARPROMO.

Free Corvette Driving School with New Corvette Purchases

Since its introduction as a 2009 model, Chevrolet has offered customers who purchase a new Corvette ZR1 a two day, tuition paid, ZR1 Driving Class through either Bob Bondurant's School of High Performance Driving (near Phoenix, AZ) or Ron Fellows Performance Driving School at Spring Mountain (outside of Las Vegas, NV) – the official Driving Schools of Chevrolet.

For customers who take delivery of any new 2010 or 2011 Corvette model (coupe, convertible, Grand Sport or Z06) from January 4, 2011 through February 28, 2011, Chevrolet will offer these customers an opportunity to attend the two day ZR1 Driving Class at one of the two official Chevrolet Driving Schools of their choice. Eligible customers who elect to take advantage of this opportunity within one year of their delivery date will have their tuition paid for by Chevrolet to attend the ZR1 Driving School class. These eligible customers will be responsible for their accommodations (lodging, meals, etc.) and travel to and from the school.

This special limited time offer is in addition to other current Corvette incentive programs. This offer cannot be exchanged for a cash value or additional vehicle discount.

Michelin Tires Seminar Added to Bash

Friday, April 29 we've added a special treat to our C5/C6 Bash agenda. Lee Willard with Michelin Racing Technology will be here to talk about the new technol-

ogy of Michelin Tires.

If you haven't yet registered - our Events Department has a lot of super cool things on the agenda! If you'd love to take a ride in a 1963 Vintage Racer or a 1962 Solid Axle Corvette - Bash is your chance! We are offering laps around the NCM campus and Corvette Drive, and you get a photo in the car. Corvette Racing will be here for a special lunch, and our pal Paul Koerner, C4/C5/C6 Specialist, will be here for seminars and drop in assistance.

Join us, April 28 - 30, 2011! Check out the full agenda, and register online!

Cross the Pond with the Corvette Museum!

Save the date because NCM will be hitting the road with our "**Museum in Motion**" events, and the first stop is **France!** Planning is still underway, but tentatively mark your calendar for **June 7-13, 2011.**

The trip will include lodging for at least five nights, tickets to the **Le Mans** race, tickets to the Corral, Paddock passes, transportation from Paris to Le Mans and back, two days of sightseeing from Paris to Le Mans and transportation to and from the track to lodging and to Le Mans city for the Parade of Pilots.

If you have an interest in this event, email [Roc](#) in our Events Department to stay up to date as plans are made. We will also announce in eNews when registration goes live. Spots will be very limited.

Museum in Motion: Mosport / Canada

The 2011 *MiM* season continues with the Mosport Tour, **July 19-24**, to **Ontario, Canada.** Meeting in Niagara-on-the-Lake, Ontario, the 5-day tour takes participants through Ontario enjoying back roads, resorts, quaint villages, a casino and ending with two days attending the ALMS race at the Mosport International Raceway. Enjoy a VIP tour of the St. Catharines engine plant, where Corvette motors are made, and the Oshawa Assembly Plant where Camaros are assembled.

This event is limited to only 35 cars/70 participants and the fee covers hotels for 6 nights, the welcoming banquet; dinner Wednesday, a boat ride and BBQ with Corvettes of Durham and corral access at **Mosport.** At the track attendees will enjoy corral parking, access to the paddock, parade lap, celebrity car show and a BBQ lunch. For members the tour fee is \$1700 for the driver and \$390 for their guest. Non-

member fees are an additional \$40 each and include a Museum membership. The ***Museum in Motion*** tours are very popular and with limited space it's important to [sign up here](#) promptly while there is still space.

Special Event Notes: You will need a passport to enter Canada and return to the U.S.

NCM Auctioning Special Tribute Corvette at Barrett-Jackson

2010 marked the 50th anniversary celebration of Corvette's first appearance and win at the 24 Hours of Le Mans, and to celebrate that significant occasion Chevrolet built a special 2011 Corvette Z06, donning the same Arctic White paint, blue racing stripes and number "3" as the car it pays homage to... the 1960 Cunningham Corvette which won its class 50 years ago.

Bidders at the 2011 Barrett-Jackson Scottsdale Auction got a unique and rare opportunity to own this true one-of-a-kind Corvette on Friday, January 21 when this Corvette hit the auction block in support of the National Corvette Museum.

Proceeds from the auction will benefit the Museum's planned Motorsports Park – a nearly 500 acre facility complete with road courses, autocross course, skid pad, karting track and drag strip.

The auction of this car was televised live on the Speed Network between 7 and 9pm MST. The National Corvette Museum was in attendance at the show with a booth by the General Motors area to answer any questions about the car and offer Corvette merchandise and raffle tickets for purchase.

The car hammered at \$230,000 and was sold to NASCAR Team owner Rick Hendrick.

competitionreport

Greetings CCM Competitors,

Welcome to 2011! It's February and CCM is just under two months away from the beginning of its competition season. The season calendar is now official and you can find it here in the Slipstream and on the CCM website. Among the events are three rallyes, bracket drags, several autocrosses, and our annual Waterford Hills and Concours events. This year our inside-points Concours will be held in conjunction with the Corvette Encounter in June.

First up on the calendar is the "Luck of the Irish Rallye" chaired by Gordon McCann, on March 27th. This event is not NCCC sanctioned this year, so you don't have to run a Corvette to earn points. Look for an event flyer soon in the Slipstream and on the CCM and Michigan Region websites.

We have been approved to use the GM Hamtramck facility for our autocrosses this year. However, given the reduced size of the parking lot we have been using for the last several years, I would like to be actively looking for alternative sites, so please keep an eye out for something that looks appropriate for autocross events. An ideal site would have ample space for the course, grid, and paddock, have few obstructions (such as light poles or islands), and have easy entry and exit for long vehicles and trailers. If you have a suggestion for a site, please let me know.

While on the subject of autocross, I'd like to remind you that the Snell 2010 rated helmets have been released. According to NCCC rules, the 2000 rated models are now out of date, unless they have a sticker showing the date of manufacture less than ten years ago. If your helmet is rated 2000 and does not have a sticker showing it is less than ten years old, it will no longer be acceptable for use at any CCM and NCCC autocross. Remember that if you have to buy a new helmet, both SA and M rated helmets are accepted by NCCC (however some track event organizers may not accept M helmets, so bear this in mind).

The 2011 Competition Handbook is nearly complete, with just a few changes to be made before it is approved. Once that is done, the Handbook will be posted on the CCM website for your reference. Among the changes for 2011 is the introduction of the CARS competition participation award, with CARS being an acronym for **C**oncours, **A**utocross, **R**allye, and **d**rag**S**. Any competitor who is not one of the top 15 drivers at the end of the year and who competes in one of each of these events will receive the CARS award at the Awards Banquet following the conclusion of the season. Hopefully we'll see many new faces at competition events this year.

Regards,
Chris Scafero
2011 CCM Competition Director

Plans are progressing for the 2011 Detroit Council of Sports Car Clubs Championship autocross series. We'll briefly describe Detroit Council, plug the upcoming banquet, and give a preview to rule changes.

Detroit Council of Sports Car Clubs (DCSCC) is an organization made up of member clubs. As of now, member clubs include not only CCM, but also the local chapter of the Alfa Romeo Owners Club, Michigan Sports Car Club, Michigan MINI, the Detroit Region of the Sports Car Club of America, and the Ford Motorsports Club.

DCSCC's main activity is to coordinate a local autocross championship, and by doing so coordinates the autocross calendars to minimize date conflicts. Also, DCSCC has their own rulebook, which is heavily influenced by the SCCA national solo rulebook, but with allowances for our needs in the Detroit area.

To recognize the 2010 award winners, Detroit Council is planning their awards dinner at Kart2Kart for March 5th at 5 PM. The date and time is tentative as of this writing. Dinner is free for all CCM members and one guest. Discount karting will also be offered.

Please see the flyer for the banquet elsewhere in this issue. I would encourage you to sign up if you are interested, and if the date/time is different than on the flyer, I'm sure that Derek Watkins (DCSCC president) will alert you. Or, alternatively, feel free to contact me (Al Chan) at achan1ee@yahoo.com for updates to the banquet.

In regards to the 2011 rule package, as of now there aren't any major changes planned. In 2010, Detroit Council introduced a new category, whereby cars eligible for Street Prepared could compete in a Street Tire category. We define a "street tire" as one with a DOT wear rating of 140 or higher, thus avoiding the specialty "R" (soft) compound tires. It looks as if this category will be extended for 2011. There is some discussion about opening up the engine allowances for the Street Modified category, but as of now, it is solely a discussion.

Please feel free to contact me with any questions about what Detroit Council does, with rules questions, or any comments in general.

Respectfully submitted,
Al Chan
achan1ee@yahoo.com

Winter Autocross

The heart thumping autocross experience of 2010 may have been replaced by a blanket of snow, but the summer's driving adventure continues with many enthusiasts. For those not able to attend CCM's best event; whether your calendar was full, or you or your car needed a competitive edge; consider the importance of a winter autocross.

These winter events are held at numerous times throughout the frigid North, that will conform to anyone's over scheduled calendar. Your personal best is preferred to an aggressive attitude; and the snowy condition creates a parity with any car or Corvette.

For those of you that did not enter the summer arena, now is the time to take note of CCM's well managed events for 2010. Those events were designed to give drivers in STD to FTD class the ability to sharpen their knowledge and awareness in vehicle dynamics.

For some autocrossers, it's about being first. For others it's about improving and being better. In the final analysis it's you against the course. The ability to instinctively react and to stay focused in any environment. The skills that you learn in the Summer and apply in the winter, helps to make you a complete driver, no matter what car you are controlling.

Whether it is a high speed event in the summer with fat sticky tires, or a low speed event in the winter on skinny tires: both setups are going to behave and react in similar ways. The defining difference will be the attitude and confidence of the driver.

So the next time it snows and you launch from the starting line; remember that your previous practices will help make the moments seemingly longer - as you approach those unusual pylons of ice chunks and snow mounds on your daily travels - because "it's your personal best that counts."

Enjoy your Corvette's potential, while preparing for that Winter Autocross.

Article contributed by Glenn Grace.

Despite never having adopted the metric system for day-to-day use, Americans are familiar with the basic units, like grams (especially kilograms), meters and such. But when it comes to the lesser known units, they're clueless, so to help the educational process along a bit feel free to commit the following to memory:

- 1 millionth of a mouthwash = 1 microscope
- Ratio of an igloo's circumference to its diameter = Eskimo Pi
- 2,000 pounds of Chinese soup = Won ton
- Time between slipping on a peel and smacking the pavement = 1 bananosecond
- Weight an evangelist carries with God = 1 billigram
- Time it takes to sail 220 yards at 1 nautical mile per hour = Knotfurlong
- 16.5 feet in the Twilight Zone = 1 Rod Serling
- Half of a large intestine = 1 semicolon
- 1,000,000 aches = 1 megahurtz
- Basic unit of laryngitis = 1 hoarsepower
- Shortest distance between two jokes = 1 straight line
- 453.6 graham crackers = 1 pound cake
- 1 million-million microphones = 1 megaphone
- 2 million bicycles = 2 megacycles
- 365.25 days = 1 unicycle
- 2000 mockingbirds = 2 kilomockingbirds
- 52 cards = 1 decacards
- 1 kilogram of falling figs = 1 FigNewton
- 1,000 milliliters of wet socks = 1 literhosen
- 1 millionth of a fish = 1 microfiche
- 1 trillion pins = 1 terrapin
- 10 rations = 1 decoration
- 100 rations = 1 C-ration
- 2 monograms = 1 diagram
- 4 nickels = 1 paradigms
- 2.4 statute miles of intravenous surgical tubing at Yale University Hospital = 1 IV League
