Another cold and windy day greeted 94 anxious drivers looking for the gold. Other than rain in the AM and up to 58 mph winds in the PM, the event appeared to be a success. The most concern was the wind blowing the pylons over and across the lot. The most important item was that the Porti-Potti stayed upright. Eventually we double stacked cones by eliminating non essential every other pylon. Whew, that seemed to work. As always the dedicated workers made the event a success. Thanks to Jim Davies for towing the trailer **to** and somewhat **from** the event whereas his van broke down at the Big Boy and had to be towed. Our many thanks to all who braved the winds and made another successful event.
